

Nothing to Sneeze At

10 minutes

What You Will Do

Demonstrate how germs spread easily.

Get it Together

- ◆ 10 cotton balls
- ◆ Round balloon
- ◆ Pin
- ◆ Windy day outdoors (optional)

Procedure

1. Break each cotton ball into 5 or 6 equal parts.
2. Roll each piece into a puffy little ball.
3. Insert the cotton balls into the balloon through the opening in its neck.
4. Blow up the balloon and tie it at the end.
5. Go outside and hold the balloon in front of you. Pop the balloon with the pin and observe.

Attention!

Use caution when sticking the pin in the balloon.

Clean Up

Gather the cotton balls and balloon pieces and place them in the trash.
